I grew up in Swift Current from the age of 8 years old. The chance to live in many communities has helped me view Swift Current as a place to want to raise a young family.

After finishing my Junior Hockey in 1995, I wanted to be a Golf Professional and I took my Professional Golf Management in Lethbridge. After finishing the 3 year-course in 1998, I continued my education graduating in 2003 with my Bachelor of Commerce (Finance) from University of Saskatchewan.

I have been the General Manager at Elmwood for 12 years and have worked at Elmwood for the last 21 years. I have really started to have a passion for politics and improving our great City of Swift Current.

It does not matter what I want to do in our City, it matters “what the residents that elect me want to do for Swift Current!”
