After a 20 year career in the media, mostly here in Swift Current, I left broadcasting to launch Snowstreaker Media, a home based multimedia production and social media marketing company. We were the first agency in Saskatchewan to specialize in social media. I am married to Christina and just became an empty nester. My son Ethan helps me out with our home based business and my daughter Eliza is beginning classes at Vancouver Film School.

I loved raising my family in Swift Current.

There are challenges ahead of us. We need to find ways to keep our commercial and residential taxes among the lowest in Saskatchewan cities, while making necessary replacements to aging infrastructure and facilities that have served our community well but are at the end of their lifespan.

Together, we can get from yesterday to tomorrow.

November 9th, I enthusiastically ask for your support.
