Served on Library boards, Prairie Pioneer Independent Housing Board, SC and District Drug Strategy Action Committee and many other boards and committees. Elected to City Council 2012 , re-elected 2016. Proud to have served this city which has given me so much. We need to continue to grow and improve this community, but must practice restraint in some non essential areas. We must be alert to those who are struggling, and policies must reflect all citizens and their needs. There are some infrastructure needs that must be addressed, this is not the time for massive tax increases for non essential things or events.
